

## Cooker hob S4000

Gas hobs

Code: 7251 032

### DETAILS

Edge/Installation Type Q4 (4 mm Edge)

---

Finish Foster brushed

---

Material AISI 304 stainless steel

---

Texture Brushed in line

---

Supply 220 - 240 V; 50/60 Hz

---

Dimensions 620x520 mm

---

Base size 60 cm

---

Heating element Four burners

---

Cut out 560x480 mm

---

Grids Cast iron grids and enamelled burner covers

---

Width 62 cm

---

Total power 7.600 W

---

Auxiliary 1.100 W

---

Semirapid 2 x 1.750 W

---

Rapid 3.000 W

---

Safety Safety valve with quick-acting thermocouple

---

Ignition Electric ignition under knob

---

Gas type Tested for installation with natural gas, LPG nozzle set included.

---

Type Gas Hob

---

## FEATURES

**Cast iron grids** Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

---

**Gas hobs**

---

**III<sup>^</sup> series burners** III<sup>^</sup> series burners: 20% gas savings. They guarantee an efficiency well above the European standards. Furthermore, the improved combustion of gas allows the development of higher powers. From the point of view of safety, the blocking system between the cover and the flame-spreader guarantees perfect positioning and greater ease of cleaning.

---

## Safe cooking

All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

---

## Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.

---

## Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.

---

## TECHNICAL DATA
