

## Cooker hob KS

Gas hobs

Code: 7615 032

### DETAILS

Edge/Installation Type      Standard (8 mm Edge)

---

Finish      Foster brushed

---

Material      AISI 304 stainless steel

---

Texture      Brushed in line

---

Supply      220-240 V; 50/60 Hz

---

Dimensions      590 x 500 mm

---

Base size      60 cm

---

Heating element      Four burners

---

Built-in hole      560 x 480 mm

---

Grids Cast iron grids and enamelled burner covers

---

Width 59 cm

---

Total power 7.600 W

---

Auxiliary 1.100 W

---

Semirapid 2 x 1.750 W

---

Rapid 3.000 W

---

Safety Safety valve with quick-acting thermocouple

---

Ignition Electric ignition under knob

---

Gas type Tested for installation with natural gas, LPG nozzle set included.

---

Type Gas Hob

---

## FEATURES

**Cast iron grids** Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

---

**III ^ series burners** III ^ series burners: 20% gas savings. They guarantee an efficiency well above the European standards. Furthermore, the improved combustion of gas allows the development of higher powers. From the point of view of safety, the blocking system between the cover and the flame-spreader guarantees perfect positioning and greater ease of cleaning.

---

## Inclined recess

A deep and inclined recess houses the burners and grigs, allowing to create a single work surface. The inclination also makes it extremely easy to clean the edges.

---

## Safe cooking

All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

---

## Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.

---

## TECHNICAL DATA
